## INTRODUCTION

The following report provides summary information regarding enrollment at the University of Maine System for the 2014 Spring Semester. All data reported is as of the census date, February 15, 2014. Changes to the report format from previous years were made in order to provide information that is more comprehensive and improve alignment with the Fall Enrollment Report. Another change is the addition of a small line chart at the end of some tables, also known as a sparkline, that provides a simplified at-a-glance graphical representation of data trends over time.

### **Notes:**

1. Totals may not add to 100 percent due to rounding.
2. USM graduate student figures include the University of Maine School of Law.
3. Differences in prior year reports and current data are due to changes in how first-time students were counted. Students enrolled in the Onward program at UM for the first-time were not previously counted and are now counted as first-time students as of Spring 2014.

Fall Undergraduate Credit Hours/16 + Fall Graduate Credit Hours/9 = Fall FTE

2. Students enrolled under the New England Regional Student Program (NEBHE) pay 150% of in-state tuition, which may include out-of-state students and Canadian students.
3. Differences in prior year reports and current data are due to changes in how first-time, first-year students were counted.
